

## Video / Audio Pancake Eraser

The *VERITY SYSTEMS* V97 Degausser has been specially designed for media manufacturers and duplicators who need a continuous, conveyor operated video and audio pancake eraser.

Capable of continuous 24 hour a day operation if required, it can handle high volumes of pancake up to 16½" (419mm) in diameter and a maximum tape width of up to ½". VHS cassettes can also be processed in two lines across the belt.

The 16½" wide conveyor belt transports the media across the powerful erasure fields needing only two passes to completely erase a full-size pancake.

### Features:

- \* **Erases Pancakes up to 16½"(419mm) diameter**
- \* **Can also erase VHS cassettes**
- \* **Easy operation - high throughput**
